God's Preferred Future (Vision)

We are a church that is known for its *faith* and *praise* actively engaged in next generational ministry to shape and transform lives. God's anointing mandates us to strive for excellence in our praise, service, and stewardship. It is our job to usher persons into the presence of God so that the transformational process of God may begin. God is life and God gives life. We are therefore commissioned to speak and spread life throughout our communities. We are God driven! We are St. Paul Macon!
